PROJECTS

Valentine's Day Website

Jan 2023

- The Valentine's Day website offers a platform for users to express their affection by asking their crush or partner to be their Valentine.
- Created using HTML and CSS, the website's design facilitates an easy and intuitive user experience, enhancing the sharing of heartfelt messages on Valentine's Day.

Portfolio Website

Dec 2023-Jan 2023

- Designed a visually engaging and user-friendly portfolio website using HTML, CSS, and JavaScript, reflecting my proficiency in web development and design.

Weather Website

Feb 2023.

- Utilized JavaScript, HTML, and CSS to develop a dynamic website providing real-time weather updates.
- Implemented user-friendly design and intuitive navigation for seamless access to accurate weather information.

EXPERIENCE

Houston Community College

Houston, TX

VR/XR Lab Intern

Jan 2023- Aug 2023

- Worked with the Fashion Department to create a virtual gallery that had over 100 views on its debut.
- Work with Spatial to create multiple virtual spaces for HCC VAST Academy (interior design, digital arts, etc.)
- Trained 100 students of which 70% landed interviews after.

At Home Furniture Store

Richmond, TX

Team Leader

Sep 2021 - Jan 2023

- Trained and supervised staff for effective guest interactions, and equipped them with information to handle issues.
- Assisted customers with product selection, order entry, and payment processing. Monitored their Feedback.
- Increased membership sales by 25%

Access Health

Richmond, TX

HR Intern

Jun 2022 - Aug 2022

- Participated in client meetings and team discussions and offered feedback.
- Handled payroll, copied and faxed important documents for personnel, sorted mail, made appointments, and corresponded with references.
